USEPA Pollution_Situation report.pdf

Hello,

Thank you for reaching out to me. I was reviewing a file from the Ohio Bureau of Underground Storage Tanks (BUSTR) and came across the attached file. I am looking for any documents that pertain to activities relating to the vapor intrusion investigation. Diagrams and maps would be most helpful to identify where the plume of contamination originates from and any delineation that may have taken place. I am also interested in anything regarding subsurface investigations with a focus on soil and groundwater. Let me know if you need further information and I will be happy to assist.

Thanks again,

Bryon Alexander

FOIA Request: EPA-R5-2016-005051

Good Morning,

The Region 5 FOIA office has received your request. In order to process your request we will need clarification. The request you submitted states " Site Location: 132 West School Street, Kent, OH 44240 Occupant: Olden School Vapor Intrusion Site Site Number: C569" What records or type of records are you requesting? If you know or believe EPA has records you are seeking please give as much information as you can about any records. I look forward to your response.
